

10th September 2025

To Whom It May Concern,

It is my pleasure to provide a reference for Notificarisuplimente Romania, a regulatory consultancy firm based in Romania, with whom BioCare Limited has been working for 1.5 years.

Throughout our partnership, Notificarisuplimente Romania has consistently demonstrated a high level of professionalism, expertise, and reliability in navigating the complex regulatory landscape. They have supported us with:

- Product registrations and compliance with Romanian and EU legislation.
- Guidance on labelling, documentation, and submission processes.
- Clear communication with local authorities on our behalf.

We have found their team to be knowledgeable, responsive, and proactive in identifying potential challenges and providing solutions. Their support has enabled us to bring our products to market efficiently and with confidence in regulatory compliance.

Based on our experience, we would not hesitate to recommend Notificarisuplimente Romania as a trusted regulatory partner for businesses seeking to operate successfully in Romania.

Yours sincerely,

Jenni Copcutt

Head of Exports
